

# Change Default Text Size in Firefox

## Step 1: Open the 'Fonts' window

1. Click on **'Tools'** in the menu bar.
2. Select **'Options'** from the drop-down menu.
3. In the 'Options' window (shown right), click on the **'Content'** tab.
4. Under the 'Fonts & Colours' header, click the **'Advanced'** button.

*Can't see your menu bar? Hit the 'Alt' Key on your keyboard to show the menu at the top of the browser window.*

## Step 2: Set a minimum text size for all web pages you visit

1. In the 'Fonts' window (shown right), click on the drop-down list beside **'Minimum font size.'**
2. Select the minimum font size you want.
3. Click **'OK'** to return to the 'Options' window.
4. Click **'OK'** to finish and return to Firefox.
